MEMORANDUM FOR: Executive Assistant, DD/R

SUBJECT : Scientific Pay Scale Positions

1. This memorandum is in response to your request for information relative to the number of slots needed under the Scientific Pay Schedules. Our experience to date has indicated that in order to discharge the responsibilities of this Office, a few highly qualified people, not now presently available because of pay limitations, are needed. Until we have begun to utilize this type of person, we would prefer to consider only three slots, one of which would be Technical Advisor to the Assistant Director and two others which will be used primarily in the Research and Development Division. However, as there is some need in both Analysis and Operations Divisions, it is deemed most appropriate to attach all three individuals to the Office of the Assistant Director or the Deputy Assistant Director and thus allow complete flexibility.

2. In addition to these slots under the Scientific Pay Schedule it will be necessary to establish at least one GS-15 slot in each of the three divisions, Operations, Analysis, and Research and Development, which are not in a command line but will lead into the Scientific Pay Schedule.

Deputy Assistant Director for ELINT
